Hello Potential Sponsor!

Bitcamp is the University of Maryland's major league hackathon, bringing together 1000+ student attendees. This year, it'll take place from April 7-9 in the Xfinity Center on the University of Maryland campus. Top student developers, designers, builders, and thinkers from around the country will come to College Park and spend 36 hours working on websites, apps, and hardware projects.

The University of Maryland has consistently outperformed other institutions in the Major League Hacking season standings, winning the inaugural season in Fall 2013, coming second in Fall 2014, and third in Spring 2015. We are pulling from this rich hacker community to make Bitcamp one of the best hackathons ever.

Bitcamp will be a great place to influence a diverse group of some of the brightest student makers in the nation, all working on different projects and possessing different skill sets. The event presents an excellent opportunity for recruitment and tech evangelism.

Last year, we saw some of the coolest projects come out of Bitcamp. To check out the amazing array of projects from Bitcamp 2016, go to: <http://bitcamp16.devpost.com/submissions>.

We are also pleased to announce that we are now a 501c non-profit organization! Therefore, all donations made to Bitcamp will be tax-deductible.

Please review the various tiers of available sponsorship below, and let us know if you are interested in becoming an official Bitcamp sponsor!

We want your team to help shape Bitcamp and make it the best hackathon ever. Please let us know if you have any questions.

We hope to see you by the campfire!

Thanks,
The Bitcamp Team
